WHOIS Policy

1. WHOIS services

Registry Operator is required to collect and provide Domain Name registration information ("WHOIS data") for a variety of purposes. WHOIS services are provided by Registry Operator's back-end provider Afilias. It is intended as a publically available lookup system.

2. WHOIS-access

2.1. Domain Registration Information

- 2.1.1. Registrars may provide an input form on their public websites through which a visitor is able to perform WHOIS queries. Registry Operator can also provide a web-based search on its website or an WHOIS interface for registrars. Whois-queries are sent to and processed by the whois-Server of the Registry Operator and results are returned by the server and displayed in the visitor's web browser or sent to the interface
- **2.1.2.** Visitors are required to enter the exact Domain Name for which WHOIS information is required in the input form.
- 2.1.3. The output for domain records generally consists of the elements described in Specification 4 of the Registry Agreement as published at http://newgtlds.icann.org/sites/default/files/agreements/agreement-approved-09jan14-en.htm

2.2. Security and Stability

Registry operator will provide appropriate security measures to prevent abuse of WHOIS data. Appropriate security measures may be, including but not limited to:

- using a captcha code;
- using an automated rate-limiting system;
- disabling bulk access to WHOIS data (except if necessary because of ICANN regulations)
- IP address whitelisting

2.3. Terms of Use

Access to WHOIS information is provided to assist persons in determining the contents of a domain name registration record in the registry database. The data in a WHOIS record is provided by Afilias for informational purposes only, and neither Afilias nor Registry Operator guarantee its accuracy. This service is intended only for query-based access. The visitor agrees that he will use this data only for lawful purposes and that, under no circumstances will he use this data to:

(a) allow, enable, or otherwise support the transmission by e-mail, telephone, or facsimile of mass unsolicited, commercial advertising or solicitations to entities other than the data recipient's own existing customers; or

- (b) enable high volume, automated, electronic processes that send queries or data to the systems of Registry Operator, a Registrar or Afilias except as reasonably necessary to register domain names or modify existing registrations; or
- (c) data mining of any sort.
- **2.4.** All rights reserved. Registry Operator reserves the right to modify these terms at any time. By submitting a query, you agree to abide by this policy.

3. Searchable WHOIS

Afilias provides a searchable WHOIS service offering partial match capabilities to authorized users. Access to searchable WHOIS service is only granted to authorized users with a legitimate purpose for searching registration data (e.g. to comply with applicable laws, requests of law enforcement). Searchable WHOIS will be made available to authorized users via an internal data warehouse.
